INK Company holds by lease, and in fee, about twenty thousand acres of the most select coal lands in Western Indiana, bordering both sides of the Hon. J. R. Coffroth, Huntington, Indiana, and at the office of Roach & McDonald, Indianapolis.

A reference to the report of the Hon. David Dale Owen, late State Geologist, will show that these lands are situate in the midst of the finest coal fields of the State, abounding also in salt, iron and other valuable mineral substances.

Near the mouth of Coal Creek, where the Company has to Great that From Little Acorns large quantities of lands sait water has been discovered equal in quality to the Kanawha. This water was procured some 35 years ago by boring, soon after, the On The worst diseases known to the human race spring ondaga salt finding its way down the Wabash and Brie Canal, Mr. Thomas, the proprietor, finding himself un-able to compete with it, abandoned the manufacture. In

volumes of scientific fore that fill the tables and his boring he encountered that which recently disclosed facts prove to have been coal oil. helves of the medical fraternity only go to prove and laborate these facts.

Those lands all lie in close proximity to the Wabash and Frie Canal, some of them upon its banks.

Mr. John McManomy, the business agent of the company has returned from a tour of observation of the oil region of Pennsylvania.

regions of Pennsylvania, convinced that the lands leased so far as the general formation of the country and the surface indications present themselves, a stong analogy in the oil and mineral substances as found on French Creek, Pennsylvania, where the greatest quantity and the most valuable oil is found. Mr. McManomy has purchased for the company the most approved machinery, with all the fixtures necessary for operation, and is prement of the hidden treasure of the lands of the company. All the indices of coal oil, found in localities where it has been procured, are strongly marked in various localities of the lands of the Company affording every rational prospect of success. The company thinks it notes that the sum of such direction, issues this proclamation, ordering and requiring all persons owning and harbering any animal of the dog kind, to confine the same for sixty days, from and after the first day of September, 1855, by good and sufficient means, to his or her house, out-house, after the first day of September, 1855, by good and sufficient means, to his or her house, out-house, after the first day of September, 1855, by good and sufficient means, to his or her house, out-house, attending or being the first day of September, 1855, by good and sufficient means, to his or her house, out-house, attending or being days, from and after the first day of September, 1855, by good and sufficient means, to his or her house, out-house, attending or being bitten by other animals, or to cause the same to be securely and carefully muzzled.

All persons falling to comply with the foregoing requirements are liable to be fined twenty dollars, and it is lawful for any person to kill, and it is the duty of the policemen to kill, all dogs found running at large without wearing a muzzle as above mentioned.

With the company the most approved machinery, with all the fixtures necessary for operation, and is prement of the hidden treasure of the lands of the company.

All the indices of coal oil, found in localities where it is lawful for any person to kill, and it is the duty of th surface indications present themselves, a stong analogy in the oil and mineral substances as found on French Creek, Pennsylvania, where the greatest quantity and the most valuable oil is found. Mr. McManomy has purwith all the fixtures necessary for operation, and is pre-paring with experienced workmen the speedy develop-ment of the hidden treasure of the lands of the company. rational prospect of success. The company thinks it annecessary to make any other reference to the character of the lands, other than the report and map referred to.

\$100,000 of the stock, being 2,000 shares, is proposed by the Company to be offered in the market at one-half its par value, being \$25 per share, for the purpose of aiding the Company in a speedy development of the
